Bedford, MA 01730

Dear Mr. van Mierlo:

We are honored to receive 1366 Technologies recent in-kind gift of 3,500 N95 masks to Boston Medical Center. Your mask donation in support of the COVID-19 Relief Fund will undoubtedly make a profound difference for both our providers and patients. Your donation of PPE has been used across the hospital; by doctors diagnosing and treating patients, by nurses caring for our most vulnerable for 12+ hours each day, by respiratory therapists who are on the front line of caring for those infected by the virus, and by our environmental services team that works tirelessly to disinfect hospital rooms and clinical spaces between each use by our providers and patients. Philanthropy, in any form, provides critical support for BMC, allowing the institution to uphold its mission of offering *exceptional care, without exception* to anyone who passes through its doors.

As a hospital that takes great pride in its ability to care for all, we are especially grateful for those who join us in this effort. On behalf of BMC, thank you for this generous gift and for your commitment to the city of Boston.

Sincerely,

Norman Stein

Boston Medical Center is unable to include the estimated value for in-kind donations. It is the responsibility of the donor to substantiate the fair market value for his/her own tax purposes. Please consult with your tax advisor to determine the tax implications of your gift. No goods or services were provided in consideration for this donation and your entire gift is tax deductible to the extent allowed by law. Please retain this document for your records.
